## We're Lab Guys... We Understand.

"STX has provided us with a level of technical consulting expected but rarely delivered from larger, premium priced, vendors. We have found STX to deliver consistently high quality customer service and products at a competitive price."

Group V.P. R&D Personal Care Division,  
International Healthcare Company

"The lab is looking great. Nice design and the install guys have been great."

VP Analytical Contract Lab

"STX delivered quality lab products and installation with the major relocation of our R&D Laboratory. When labs were needed at this location, we did not hesitate to [again] call STX."

Chemical Production Lab
